

Farm & Lands of Saviskaill, Skatequoy,
Stennisgorn & Furse, Rousay, KW17 2PS
Extending to 644.11 acres or thereby

Occupying an outstanding position overlooking the Bay of Saviskaill on the picturesque island of Rousay, the Farm & Lands of Saviskaill, Skatequoy, Stennisgorn and Furse present a rare opportunity to acquire a substantial agricultural holding extending to approximately 644.11 acres or thereby.

Available either as a whole or in lots, the holding comprises a house, traditional farm steading buildings with former mill, Nissan hut, large area of hard standing yard and extensive areas of productive grazing land, offering significant potential for farming, diversification and long-term investment.

The farmhouse and steading require comprehensive renovation, presenting purchasers with the opportunity to restore and develop the buildings to suit their own requirements, subject to any necessary consents. Whether retained as a working farmstead, adapted for diversified agricultural use or incorporated into a wider rural enterprise, the property offers exceptional scope.

The surrounding farmland has been utilised for long-term grazing and includes Region 1 and Region 2 agricultural land, with Basic Payment Scheme entitlements included within the sale, adding considerable value for agricultural purchasers. The scale of the holding provides excellent opportunities for livestock production, environmental management and a range of future farming enterprises.

Positioned within one of Orkney's most scenic island settings, the land enjoys spectacular views across the surrounding countryside and coastline, creating an exceptional balance between productive agriculture and natural beauty.

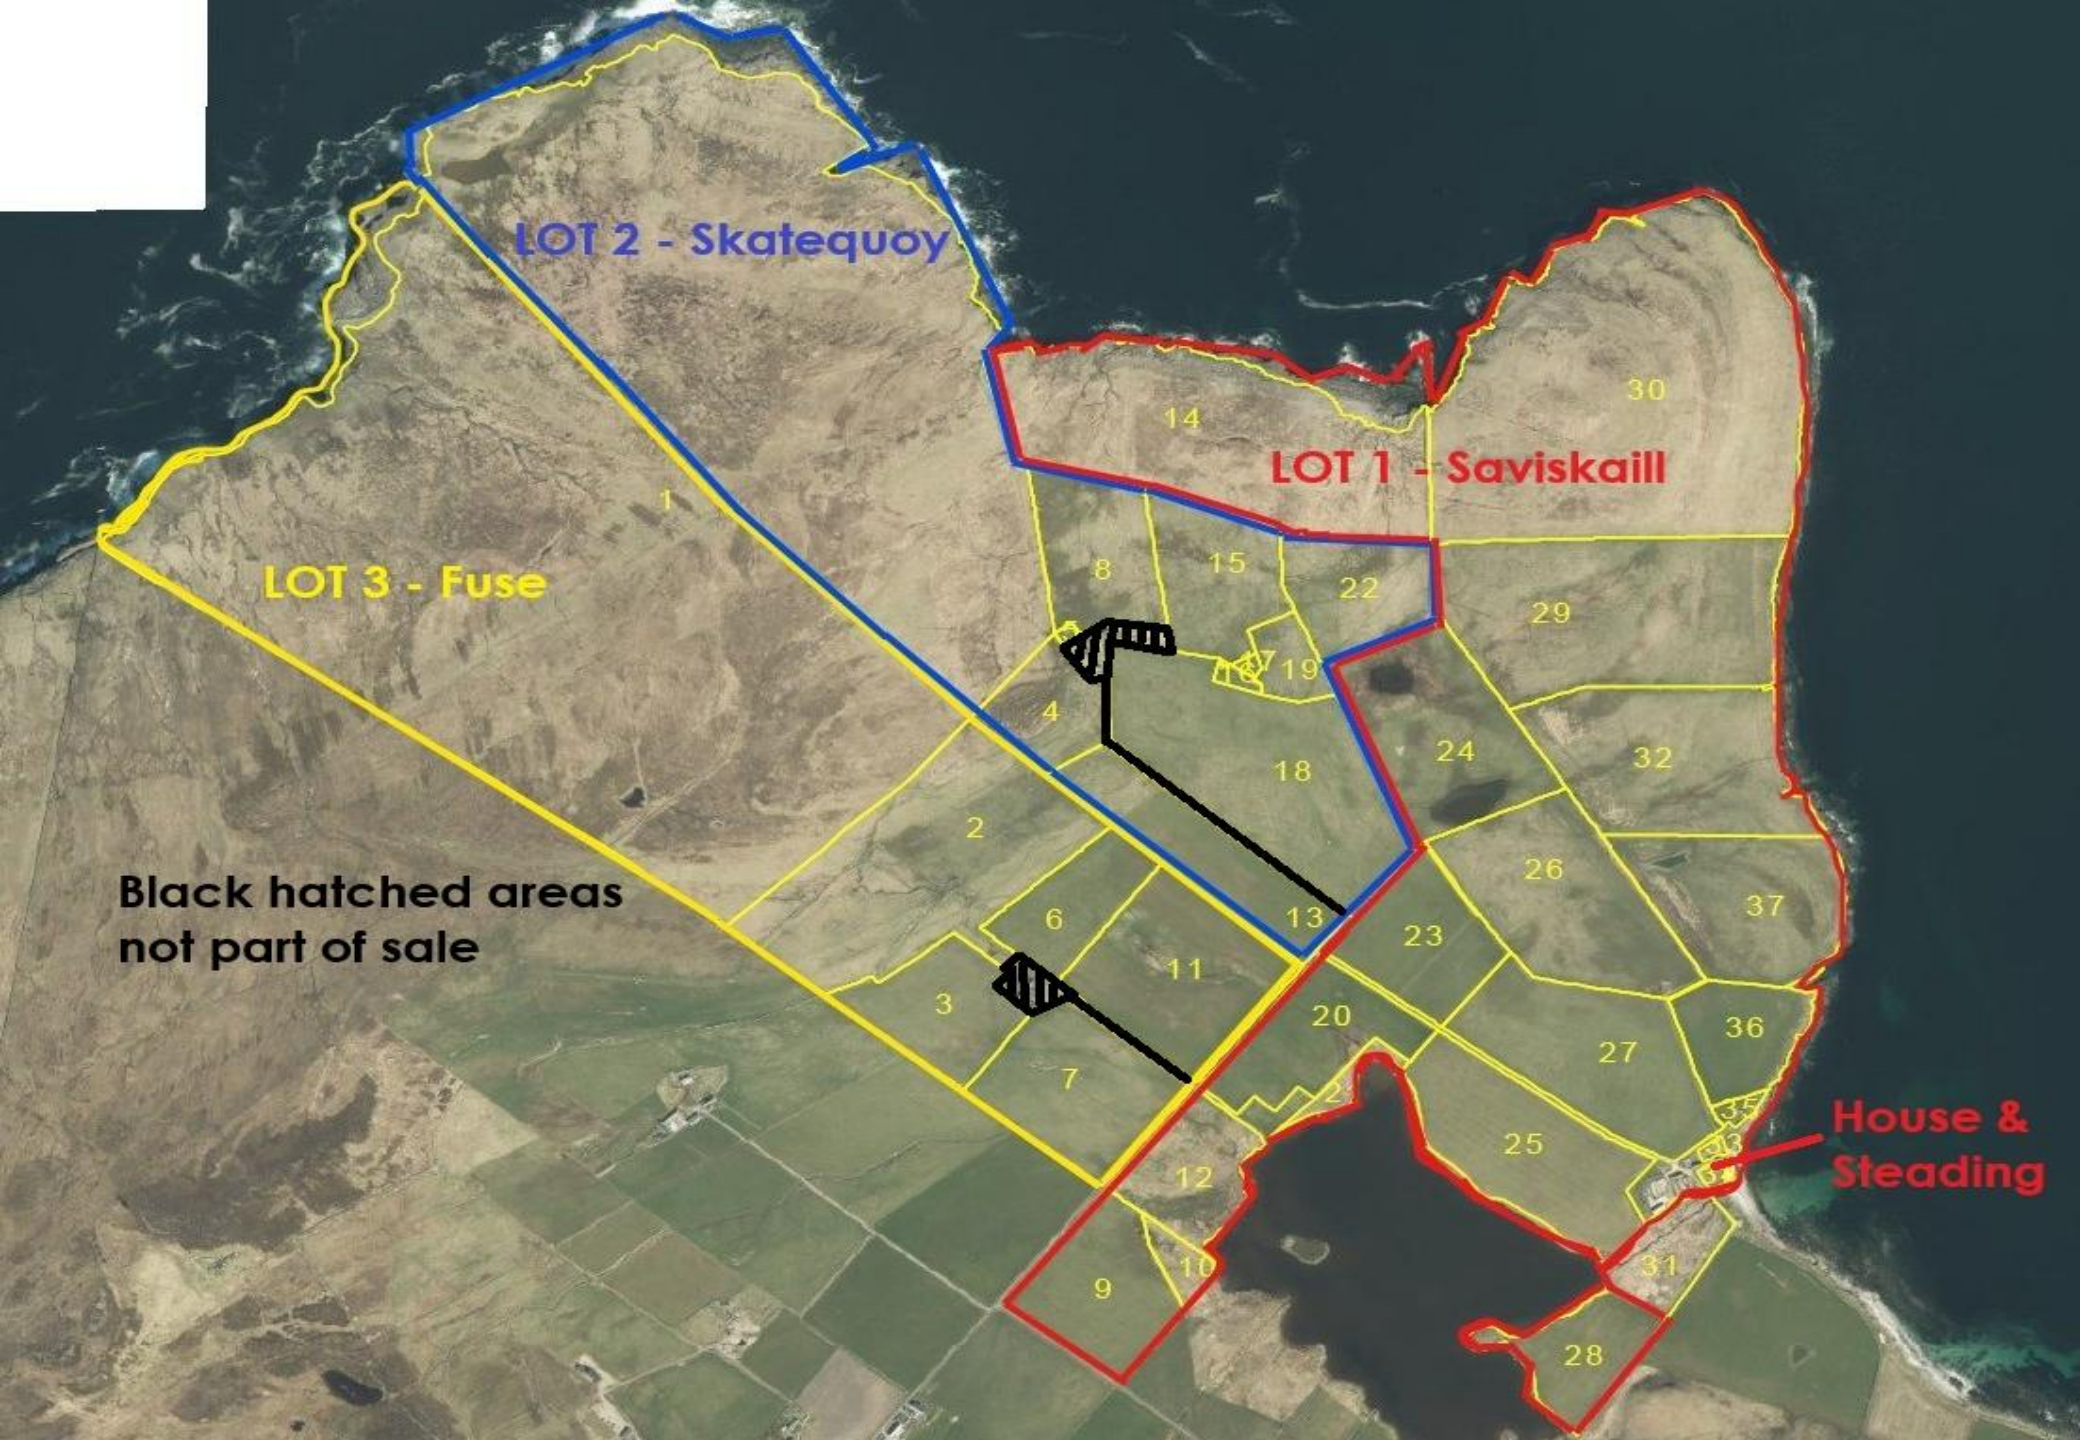

There is currently an Agri-Environment Climate Scheme in place on the land generating an annual income of £11,128.

Part of Lot 3 forms part of a SNH Special Protection Area and is part of the Rousay SSSI.

There are 105.73 Region 1 Entitlements.
